

## **ALTERNATIVE DE REMPLACEMENT AUX PRODUITS MURATA**

- 1. Condensateurs céramiques à disque type fil à haute tension pour usage général
- 2. Condensateur en céramique type borne à vis (CA) ultra-haute tension CA et CC

Chers clients et utilisateurs de condensateurs Murata HV,

Vous avez tous très probablement reçu l' "Avis de retrait du produit" de Murata courant 2018, concernant la cessation d'activité et de production des condensateurs à disque céramique et un condensateur Doorknob, et amenant par conséquent, l'arrêt de production sans condition de près de 700 références couramment utilisées.

De notre côté nous avons opté pour le soutien de nos partenaires, et proposons dès à présent une alternative « référence croisée » pour tout type de condensateur MURATA.

Vous trouverez ci-dessous la liste des composants que nous sommes en mesure de remplacer,

## MURATA EOL Item SPEC:

## PN:Replacement/Alternative/Cross Reference
